**CURRENT ROLE:** Teacher of Art, Design and Photography and Advanced Learner Lead

**PLACE OF WORK:** St. Birinus School in Didcot, Oxfordshire

My career to date includes an Internship in a printmaking studio, Teaching art to adults with learning disabilities, Art Technician at Trinity School, Volunteer teaching Art, English and Sports overseas in Costa Rica with Global Vision International. I am currently a Teacher of Art, Design and Photography and Advanced Learner Lead at St Birinus School in Didcot. I am passionate about the arts and anything creative. From a young age I was always drawing or painting and it wasn't until my time at Trinity that it really resonated how important art was to me. This was definitely down to my wonderful teachers. Despite being a shy and nervous student, my teachers recognised my skills and ambition and put faith in me to succeed, consistently motivating and guiding me to see my potential, even when I could not see it. Trinity made you feel like you had a sense of place and belonging and I always think fondly of my time here. I am who I am today because of the teachers and friends I made while at Trinity. I feel very lucky to now be an Art teacher passing on my passion to students as my teachers did for me.

"It is our guiding principle that student achievement is at the heart of all we do"
