

MR HAINES

A LEVELS STUDIED: MATHS, FURTHER MATHS, PHYSICS - MATHS TEACHER TRINITY SCHOOL

UNIVERSITY COURSES: Open University mathematics

CURRENT ROLE: Maths Teacher

PLACE OF WORK: Trinity School

I really enjoyed my time at Trinity as a student. I was able to take part in a wide range of subjects and clubs, which helped me get a feel for what I wanted to do more of as I progressed. I was a part of Science Club as well as playing for our sports teams.

At Trinity there is so much opportunity to challenge yourself to do something you never thought you could do. The thought of being on a stage was really scary for me, but I took part in Dancefest and House Speeches and proved to myself that I could do it!
