

MR HAMMOND

A LEVELS STUDIED: GEOGRAPHY, MEDIA STUDIES & BTEC PUBLIC SERVICES - HLTA AUTISM RESOURCE, TRINITY SCHOOL

UNIVERSITY COURSES: BA Hons Geography (currently studying with Open University)

CURRENT ROLE: HLTA Autism Resource

PLACE OF WORK: Trinity School

My Career started at Trinity School when I returned after Sixth Form to be a Teaching Assistant in the Autism Resource. This job allowed me to support a variety of students in lessons, as well as on school trips, and in interventions that took place, both inside and outside of school. After a few years it felt natural to progress my career when the job opportunity came up to become the HLTA in the Autism Resource. Working closely alongside the Teacher in Charge of the Autism Resource, I continue to support students with their learning in lessons, the Resource and through delivering interventions, in order to support their needs. I thoroughly enjoy my job in the Autism Resource, working as part of team to ensure that students are best supported to access their education at Trinity. Trinity has always felt like home to me, with a strong sense of place and belonging with both the students and staff. Trinity will always be a special place to me, not only because it is where I went to school, but also due to the fact that I have worked with some incredible teachers and made some friends for life.

"It is our guiding principle that student achievement is at the heart of all we do"
