

# RHEA WALTER

**A LEVELS STUDIED: BTEC DANCE, BIOLOGY, GEOGRAPHY, PSYCHOLOGY - COMMUNITY WILDLIFE ASSISTANT - WILDLIFE TRUST, RANGER**

**UNIVERSITY COURSES:** FdSc Marine Science- Falmouth Marine School, BSc Environmental Science - University of Southampton

**CURRENT ROLE:** Wildlife Trust, Ranger

**PLACE OF WORK:** West Berkshire Council

Currently I work as a Ranger for West Berkshire Council, our team is based at Greenham Common and we help to maintain all Public Rights of Way within the county. This involves habitat assessment, species surveys, vegetation clearance and public engagement. I have been fortunate to aid in numerous conservation projects across the world, including Costa Rica, The Cook Islands and New Zealand.

What I Enjoyed About Trinity: At Trinity every aspiration is supported. The staff and teachers really get to know you on a personal level and therefore know the best way to help you achieve. The Senior Leadership team encouraged me to take on leadership opportunities and extra-curricular activities, which helped improve my confidence. Trinity inspires a sense of community which is unique amongst secondary schools; because of this I thoroughly enjoyed my time at Trinity and the friends I met there are still my best friends 7 years later.
