My career to date has been incredibly rewarding and fulfilling. I have delivered well over 1,000 babies. I feel very fortunate because this is something not many people get to do. I have always been very interested in midwifery and it was something I was very determined to be successful in. I thoroughly enjoyed my time at Trinity, I was Head Girl and also played a big part in the Performing Arts calendar each and every year. I took part in every Christmas Concert and played Glinda in 'The Wiz'.
